Address

104 pandurangan Vittal Street,
karungalpatti, Gugai, salem - 6.

SKILLS

- Problem solving
- Presentation development
- Effective communication
- Teamwork and collaboration

LANGUAGE

- NATIVE: Tamil
- English
- Kannada

PROGRAMMING LANGUAGE

- Basic in c, c++, java

ABOUT ME

Motivated Information Technology student with hands-on experience in IoT, and. Passionate about creating smart, tech-driven solutions and eager to apply technical and creative skills through an internship to gain real-world industry exposure.

EDUCATION

Knowledge Institute Of Technology

B.Tech in Information Technology

Current Year: 2nd | Expected Graduation: 2028

Little Flower Higher Secondary School

Higher Secondary School (HSC)

Completed in 2024

Little Flower Higher Secondary School

Secondary School (SSLC)

Completed in 2022

EXPERIENCE

- Developed AI-powered sign language gloves using sensors and Python to convert hand gestures into text for the hearing-impaired.
- Built an IoT-based soil detection system using ESP32 and moisture sensors for real-time soil monitoring.
- Developed an IoT-based motion sensor system for detecting and monitoring movement in real time.
- Actively participated in paper presentations and hackathons, enhancing teamwork, problem-solving, and creative thinking skills.
- Participated in the Smart India Hackathon, gaining exposure to innovative problem-solving and large-scale project development.

CERTIFICATES

- Certificate of Participation in Paper Presentation
- Completed Online Course: Introduction to Generative AI
- Won First Prize in Symposium Presentation
- Recognized as a Top 10 Finalist in IBM Hackathon
- Participated in the National Level Srinivasa Ramanujan Mathematical Competition
